

# Welcome to #NCed Chat

ENRICH YOUR PLN THROUGH CONVERSATIONS WITH NC EDUCATORS

## What is #NCed Chat?

#NCed Chat provides an opportunity for North Carolina educators to grow and develop their personal learning network (PLN) by connecting to other NC educators throughout the state.

The chat serves as a forum for North Carolina educators to come together once every week in a public Twitter conversation around topics that pertain to their professional interests.

Come share your resources, insights, questions, and ideas with other educators from around the state.

## #NCed Moderators:
