Virtual Interactive Professional Development Sessions

Drop-In Sessions (no pre-registration required)

30 to 40 minute live web conferences on a variety of topics are available to provide an understanding of EVAAS reporting and how it can be used for improving student progress. Choose from the list on the left of this page and then click on the title to be taken to the schedule of sessions on that topic.

Coaching Sessions

You can also schedule a session tailored to your own school or district (Send three possible dates and times to Sandy Horn at sandy.horn@sas.com or to Deanene Deaton at deanene.deaton@sas.com):

1. **One-hour web conferences with individual schools** to explore interpretation of the school's reporting and how it can be used to improve AYP success this year and to proactively prepare for the coming school year.
2. **One-hour web conferences with individual districts** to introduce district-specific reporting to central office staff charged with deployment of EVAAS training through the district.
3. **One to two-hour web conferences for groups** of Central Office personnel, staff members, school administrators, and/or other school personnel, customized to meet the needs of the participants.

To attend your conference, follow these steps:

1. Verify that your computer is able to access a WebEx Meeting by joining the test conference at <http://www.webex.com/lp/jointest/>
2. A few minutes before your conference is scheduled to begin, open the attached schedule or the invitation to your private session and click on the **Meeting Address**. You can also type or paste the meeting address into your Web browser's address bar.
3. When the SAS Institute Inc. WebEx Enterprise Site opens, enter your name and email address.
4. For audio, there are two options:
 - **If you are calling from a direct line**, enter the phone number from which you will access the audio part of the conference. You will receive a call back, almost immediately. Follow the audio prompts to be connected (press 1, state your name, and press the # key).
 - **If you are calling from an extension**, dial 1-888-682-4285 (toll free). Enter 703-851-4654 for the participant code, followed by the # key. **Do not press the star key (*) when asked if you are the leader!**

If you have any problems accessing the Web conference, contact the presenter of the applicable drop-in session:
