

Principal READY Spring 2015

Focus on School Executive Standards and Professional Teaching Standards

AGENDA

8:30-9:00

Registration and Coffee

9:00-9:25

Welcome and Overview

9:30-11:00

Interactive Group Session 1

11:00-12:00

Lunch

12:00-1:30

Interactive Group Session 2

1:30- 1:45

Break

1:45-3:15

Interactive Group Session 3

3:15-3:30

Wrap-up

INTERACTIVE SESSIONS

- **Educator Value-Added Assessment System (EVAAS) Session** – This session will offer school leaders the opportunity to review how to read through key reports in EVAAS and use the data for productive conversations with both PLCs and individual teachers. Participants will use guiding documents and a spreadsheet to help organize data during the session and discuss how the data can be used to help increase student achievement. Leaders will be asked to log in to their own EVAAS accounts and use their own data during the session for a more meaningful experience.
- **North Carolina Teacher Working Conditions Survey Session** – Explore how teacher working conditions influence school level student achievement results. Discuss how leadership, support and school culture can be improved through the analysis of specific school reports. How PLC, EVAAS and TWC data impact student performance will be discussed using current data.
- **Universal Design for Learning Session** – This session will offer strategies for coaching and supporting teachers by examining the principles of UDL for individualized student engagement while reducing instructional barriers. How teachers adapt teaching practices to meet the individual needs of learners are addressed throughout The NC Professional Teaching Standards and examples are discussed.
